{ zack cote } Creative Developer in Providence, RI.

PHONE	1.401.441.3329
ADDRESS	54 Barton St, Providence, RI
EMAIL	zackwcote@gmail.com
PORTFOLIO	zackcote.com
OBJECTIVE	I am a passionate web developer and designer looking to create standards-compliant, cross-browser websites and applications for an agency in Rhode Island.

WORK

Front-End Developer & Designer – zackcote.com, various clients - 2012 - Present

- Build scalable responsive websites for a variety of ecommerce, education, and startup clients on platforms including WordPress, Shopify, and Jekyll.
- Use JavaScript to add interaction and structure to websites and applications.
- Develop sites and applications with an emphasis on cross-browser testing and compatibility, to ensure reaching the greatest number of users.
- Create strong internal tooling and build systems to streamline workflow for fast turnaround and added value to clients.
- Provide long term support to clients regarding content management, design updates/iterations, user experience testing, and analytics results.
- Share open-source code, tooling, and writing with the greater development community to increase business agility and brand outreach.

Administrative Coordinator - The Wheeler School, Providence, RI - Summer 2014

- Wrote a comprehensive report for Wheeler School Staff on the implementation of their current camp-management CMS and wrote guidelines for transitioning to another product. Utilized Active Network and WhippleHill/Blackbaud Software.
- Consulted Wheeler IT staff on current design-best practices and responsive design, including a comprehensive report and analysis of their current web offerings.

EDUCATION

Lesley University - Cambridge, MA 2012 - 2014 (In pursuit of English BA)
Community College of Rhode Island - Lincoln, RI 2011 - 2012
